

We are celebrating **SIXTY YEARS**

For 60 years, The Suffield Players have been producing great shows to entertain the community and their members. Just under 15 years ago, The Suffield Player acquired Mapleton Hall. Ever since the people of The Suffield Players have been working hard to restore The Hall and bring it back to its original beauty while make it a permanent home for our theatre company.

Our most recent project was restoring the front stairs and entry way. They were overdue for a face lift. You may have noticed the horizontal green line running up the stairs. The right side has been paid for, the left side has not. We need your help to move that line to the left.

It's easy. We are asking for \$60, \$1 for each of our sixty years. Want to give more or less, just fill out the form and send it in with a check.
